About DJ CarlONE

"My name is Carlo, and I've been a professional DJ since I was just 17 years old, winning the Italian DJ Competition while playing with vinyl records. For over 20 years, I've immersed myself in House music, performing at top clubs throughout my native Italy. In 2018, I made the bold decision to start a new chapter of my career in the USA, relocating to Miami.

My style is distinctly European, with a deep passion for afrohouse, deep house, and Nu disco. I firmly believe that a true DJ must adapt to the audience before them, so I embrace playing open format sets. Above all, my priority is to connect with and entertain my audience, regardless of age, race, or culture. After all, we all speak the same language: MUSIC."
